NATURAL ZEMİN

NATURAL
ZEMIN

Our company, operating in the sector as Natural Group since 1996, started its activities by establishing Natural Zemin company in July 2006.

Natural Zemin included Bored Pile, Stone Column, Deep Soil Mixing, Driven Pile, Mini Pile, Anchorage and Jet Grout equipment in a very short period of time.

Our company, committed to being among the reliable leading companies in the sector, realizes quality applications at low costs with a dynamic and experienced team of specialists and a new machinery park.

Mission

Our company has adopted the principles of customer satisfaction, commitment, respect, discipline and honesty.

Vision

Our company is among the leading companies that are most preferred in the sector with its contracting and ground engineering works at international quality according to ISO Standards.
